Are you a Post Graduate Student in Science???

You are invited to share your research results on 25 and 26 October 2018
in **Afrikaans** in an interdisciplinary environment

18th Annual Student Science Symposium (SA Academy Building, 574 Ziervogel Street, Arcadia, Pretoria)

Visit www.studentesimposium.org to register and also take a look at our Facebook page “Studentesimposium in die Natuurwetenskappe”

The 2018 Student Science Symposium presented by *Die Suid-Afrikaanse Akademie vir Wetenskap en Kuns*, will take place in the new SA Academy building in Arcadia, Pretoria.

The symposium is aimed at all the sciences, and includes their application in teaching, learning and engineering. Since 2017, the biological sciences have also been included.

Students planning to present a paper or poster, as well as attendees should please register via the symposium website (www.studentesimposium.org). Abstracts can also be uploaded onto the symposium website. Please note that a nominal registration fee is payable.

Presentations will be adjudicated and attractive prizes awarded. In addition, a selection of extended abstracts will be published in *Die Suid-Afrikaanse Tydskrif vir Natuurwetenskap en Tegnologie* (The South African Journal for Science and Technology). Financial support is available to assist those students that have to travel long distances to attend. More information in this regard is available on the symposium website.

Closing dates: For students with presentations – 7 September 2018; For attendees – 15 October 2018.
