

# Savanna vegetation dynamics

Permanente personeel

**Dr Frances Siebert**

Navorsingsfokusse

## Savanna community ecology & Ecosystem function

Impacts of disturbances on plant community structure

Herbivory

Floods

Climate variability

Land-use changes

Resource ecology of forbs

Plant-herbivore interactions

Forb diversity and ecological response

PhDs

**Ms Helga van Coller**

MScs

**Mr Hannes Myburgh**

**Ms Nanette van Staden**

**Ms Anica Combrink**

**Ms Karin Marais**
